Apart from Tony being forced by Wiseman to drink a large quantity of water and almost drowning, matters were peacefully and uneventfully settled.

After that, due to the earnest endeavors of all members, the bombs were removed from his stomach.

and it encountered metal with high durability, imported from overseas.

After that, the research on the Rainbow Stone hybrid continued.

Nowadays, it's being familiarized as a convenient electricity and rainbow stone hybrid energy that even commoners can access.

It evolved into batteries.

However, for Tony it seems it became a slight trauma.

In this case, water, made as a byproduct, is used inside the train and powers the vehicle.

is powered by natural resources particular to the country, called Light Water and Rainbow Stone.

The Rainbow Stone Train, running straight from the country's east to its west.

THERE'S A LOT AT THIS TIME OF YEAR! THOSE KNOW.

And for years, the number of immigrants from foreign countries have been increasing.

You see, foreigners are here!

How? The conductor's guiding the sight-seers?

Why is she doing so?

Aah, they're tourists from other countries.

Conductor Patentius a maniac for learning languages, so she's perfect for the job.

Because Rainbow stones are a precious resource unique to this country!

Conducting our tour.

ALL KINDS OF RAINBOW STONE GOODS ARE BEING SOLD AT THE SHOP, SO PLEASE TAKE A LOOK ♡

OOH!

Research into whether the waste, from after energy has been produced, can be recycled is currently ongoing.

wasn't  
your mother  
working in  
a military  
research  
facility?

So all  
this time,  
the packages  
I sent to Mum  
were delivered  
by you,  
gramps?

well,  
nowadays my  
successor is  
sending them.

Yes?

I didn't  
see them.

After  
I retired,  
he said that  
military  
personnel  
were dis-  
patched

military?

But I  
heard that  
recently it  
was shut  
down..

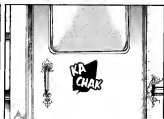

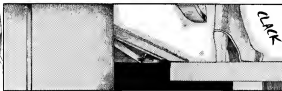

Oh,  
come to  
think  
of it.

The  
military  
is the  
country's  
govern-  
ment.

Isn't it  
reason-  
ing?

THANK  
YOU FOR  
YOUR  
ARRIVAL!

SECOND  
PLATOON  
CAPTAIN,  
GENERAL  
BARTOK!

Yeah

SORRY

I WOULD APPRECIATE IT IF YOU DID NOT COME CLOSE SO SUDDENLY

OHKK BUT REALLY, WOULDN'T IT BE BETTER IF I, HER FIANCE, DID IT?

URGH!

why don't you just accept it?

General Bartok desires this...

..Hehe,  
in other  
words,

The platoon  
limited to  
tourist use  
should act like  
the rich young  
masters that  
they are,

and just  
do work that  
looks good  
from afar?

How  
about  
you let  
the Ninth  
Platoon  
act like  
the Ninth  
Platoon,

and just  
handle the  
more  
spectacular  
occasions?

This  
way

This  
country  
has nine  
 platoons.

Jonathan  
.. Guide me

Oh

..Yes

How  
narrow-  
minded  
of you,  
Jona-  
than

PISSED

And when  
both a plat-  
eath plate on  
responsible  
for armor  
the whole  
and when  
one looks  
a difference  
and the risk  
come together.

The first  
armor  
was with  
the initial  
the second  
plate on,  
as the first  
differ.  
The third  
plate on,  
as the  
second  
differ.  
and so on.

No one  
likes this  
fluttering  
white-pants  
appear-  
ance.

From the other  
armor, only the  
ninth plate on  
wear, to the gaudy  
military uniform,  
you can probably  
guess what the  
job entails.

Ohh,  
sorry.

If you  
let me see  
you having  
fun teasing  
someone  
like that,

I would  
appreciate  
it if you didn't  
purposefully  
join in with  
Jonathan's  
frivolous  
talk in my  
presence.

Still

And when  
it comes to  
how we're  
treated  
compared  
to the other  
plate on.

It goes  
without  
saying

DODGING ME.

SAY

?

?

TUP  
TUP  
TUP

IT WILL BE  
SO CHARMING.  
I'LL FEEL  
LIKE I'LL BE  
KNOCKED  
OUT.

POOT

YOU  
SMELL  
NICE.

What was that

just now?

Knocked  
out?

Have  
come to  
pick you  
up.

WHAT  
THE HELL  
WAS  
THAT—

but in such  
a constrained  
place, neighbours  
were often  
fighting, and at  
the same time

This  
country is  
surrounded  
by the sea,  
so it's  
peaceful.

but our  
hearts  
became  
distant.

and our  
faces  
are the  
same.

Our  
worlds  
are the  
same.

I originally  
immigrated  
from a foreign  
country,

so I  
remember  
my distant  
native land  
with this  
koto

There, many  
small countries  
are crowded  
within the large  
land

One side were the home and come to know their opponents on a personal

One side  
wore the  
Feathers,  
and came  
to know  
their  
opponents  
as  
enemies.

The foreign-  
sourcing  
country  
argued  
our sam-  
pling  
trivial.

men picked  
up their  
rocks and  
went home.

a native  
folk song.

Laz began  
singing

One  
must visit  
there. Ha-  
airland,  
the high  
bouring  
country.

One  
man living  
there had  
a friend in  
the neigh-  
bouring  
country.

One country post-awarded in 1998 for their work.

Together,  
without  
realizing  
they were  
friends,  
they  
perished.

With  
masks  
hiding  
both their  
identities,

*SUCH A SAD STORY.*

But  
people  
like me  
that she's  
scared  
of

...It's  
not  
me,

That's why  
she's scared  
of people  
from enemy  
countries.

That lady  
before

is from  
a country  
that had  
a big  
battle

and  
probably  
couldn't  
get along  
with  
them.

but she  
definitely  
knows many  
people like  
me.

She  
doesn't  
know  
me.

Yup.

Those  
people are  
different  
from you,  
Lax.

But,

YOU'VE  
ALREADY  
DONE IT,  
HAVEN'T  
YOU?

because  
you'll deny  
those  
that are  
different  
to you.

Don't  
always  
think that  
your own  
thoughts  
are the  
right  
ones.

You're  
kind,  
Towy.

So don't  
hate her  
or anyone  
else, for  
me.

It's enough  
that people  
like you are  
around.

All of  
them are  
scary.

Because  
those  
attacking  
are things  
wearing  
masks.

But  
you see,  
it can't be  
helped when  
countries  
fight.

AND  
GOOD AT  
SINGING.

BECAUSE  
EVEN  
THOUGH  
LAZ IS  
KIND.

EVEN  
WHEN SHE  
DIDN'T KNOW  
THAT,  
SHE WAS  
CRUEL!

I DON'T  
LIKE IT.  
IT'S  
WRONG.

WHAT  
SHOULD  
I DO  
FOR YOU,  
LAZ?

WHAT  
SHOULD  
I DO?

EVEN  
THOUGH  
YOU KNEW,  
LAZ, I LET  
SOMETHING  
BAD HAPPEN  
TO YOU!

I've brought her.

My, my.

Greetings,  
Second Platoon  
Captain Bartok  
would you like  
some tea?

Thanks for  
the trouble.  
Good work.

Because he was close to the Royal Capital, he noticed the dispatched package.

But before it reaches the remote borderlands, I can play my hand as well when it comes to mailed goods.

Borderland defence is your job.

I have the message card here.

It was just a little but... your fiancé.

...If you changed clothes, I wouldn't know.

You didn't have it.

I remember this scent.

That woman and

For her  
to have  
a son...

"It's the  
first time  
I could give  
something  
back, right?  
Please  
use it."

"Dear Mom,  
thanks for  
everything."

Rather  
than  
thanks...  
it's a  
present."

...Because  
I never  
told you.

Yet  
I never  
heard  
about  
this?

**FOR  
WORD  
GAMES!**

...This is  
not the  
time

Now,  
please tell  
me every-  
thing you  
know

Okay?

By all  
means,  
introduce  
me as  
well

To the  
loving  
sender,  
the son,  
and...

to his  
mother.

The one  
who ran  
from the  
research  
laboratory

WHEN HE WAS CAPTIVATED BY A MERRY AND SHOWY WOMAN, HE OVERCAME HIS FAMILY MEMBERS' OPPOSITION AND MARRIED HER, BUT HIS RELATIONSHIP WITH SUCH AN EXTRAVAGANT WOMAN QUICKLY COOLED; AFTER THAT, HE WENT THROUGH BEREAVEMENT. AFTER THAT, AS IF LIKE HIRSI D'OLVEDRES, HE HAD A SECOND MARRIAGE WITH A RELIABLE WOMAN, THE EXACT OPPOSITE TO HIS FIRST WIFE. THEY MET THROUGH AN INTRODUCTION FROM HIS RELATIVES, BUT THEY DEVELOPED A CALM LOVE.

Excuse

SLAM

...Come  
in.

KNOCK  
KNOCK

I've just  
returned.

A guest  
is coming.  
Come with  
me.

...Actually,  
let's take  
this talk  
somewhere  
else.

Yeah.

um Good  
work, give  
me your  
report-

I'm  
honoured,  
General  
Schwarz.

I'll remember  
your face

I sort of  
owe your  
father.

Yes.  
Are you  
the one  
from the  
Wagman  
family?

I've  
heard the  
rumours.

Of  
course  
not

Seventh  
Platoon Captain,  
it can't be that  
all you've come  
for is to greet  
me in person.

...

Spare  
me your  
cheek.

By nature,  
the missions  
of the Third  
Platoon and  
ours do not  
really have  
much in...

I'll be frank.  
Report everything  
you discover  
concerning the  
Third Platoon's  
movements.

Obviously

Is Jeanne  
going with  
Vincent?

Unfortunately,  
I have not been  
bestowed upon  
with that sort  
of information.

...She and  
I are merely  
in a political  
engage-  
ment.

Sir Schwarz,  
don't rush  
into things.

But  
that is  
merely my  
personal  
opinion.

However,  
I cannot see  
how she could  
be having a  
cooperative  
relationship  
with the Third  
Platoon.

From the  
beginning, the  
third and second  
Platoons have had  
a bad relationship,  
not to mention  
the two captains  
leading them.

**THERE  
WILL BE NO  
MEANING TO  
EVEN BEING  
ON THIS  
SIDE.**

on top of the  
third, fourth  
and fifth  
Platoons joining  
forces, if even  
the second  
Platoon turns  
to their side,

what's  
important  
is not your  
speculation  
and conjecture,  
but your  
information  
based on  
fact.

I heard  
that, Vice-  
Captain.

...  
Palm.

JEFF.  
That damn  
old JAGGON.  
JEFF'S  
SITTING ON  
THE FENCE.

PFT!

You're pretty  
versatile, to be  
able to imitate  
the Fourth  
Platoon with  
some spying.

My apologies.  
It must have  
been cramped  
Please, over  
here

Not at all,  
I wanted  
to do it.

Well now,  
Round Duke.

I know.

Shall we  
review?

Even  
now, we're  
desperate

Please  
don't  
tease  
me

the disaster relief unit, so let's not consider them for now...

The Fifth Platoon is the city police, the Sixth, flood control and public works, the seventh is for paperwork, and the eighth is only

The second is for borderland defense, the third, for strategy and tactics, the fourth is for secret intelligence

The First Platoon is for war potential

Is this correct? The opposition of these two sides have deep roots

Yes.

Even the work involved tends to be split starting from the fifth Platoon

From five and above they're relatively diverse, and from five and below, the majority are crafts

Meaningless, isn't it?

For such conflict to occur within our own army...

so he wants the supposedly "vacant" seat at the top, no matter what

But the Round Duke, who should be on the top by nature, is a figure everyone has completely forgotten about.

is beginning to collapse, due to the Third Platoon, right?

Right now, this power balance

If  
that's  
so

Clench...

I CANNOT  
IDLY LOOK  
AWAY WHILE  
SEEDS OF  
CHAOS ARE  
BEING SOWN  
FROM THE  
INSIDE!

THE ROUND  
DUKE HAS A  
RESPONSIBILITY  
FOR THE  
MILITARY  
AUTHORITIES'  
DISCORD AND  
SELFISHNESS.

Now, now,  
Captain

Isn't  
it fine?  
I'll lend  
a hand

Now-  
ever,

Round  
Duke.

And this  
time . I feel  
it would be  
dangerous  
to leave  
this alone

...

Hasn't  
it been a  
while since  
we've had a  
Round Duke  
with such  
courage?

I can do  
without  
your  
guess-  
work.

Just as  
you heard  
before,  
nothing  
we can  
confirm?

...what is  
Vincent, and  
the Third  
Platoon,  
trying to  
do?

LET'S  
KEEP THIS  
BETWEEN  
US. LEND  
ME YOUR  
EAR!

WELL  
THEN!

and are  
trying to move  
the country  
with their own,  
original, ideas.

Using that  
as bait, they  
have allied  
with the  
Fourth and  
Fifth  
 platoons.

The Third  
Platoon is  
strengthening  
their own voice  
of influence and  
have obtained  
something.

„Do you mean that you want control over who's moving within the country?"

Hey, did you not tell him this before on purpose?

And if possible, for the passenger late as well.

"Make sure that each and every one of them are supplied to me," she said.

"Inform me if a member of the military boards the train"

My fiancée has asked a crew member inside the Rainbow Stone Train to,

「軍人-  
が乗車-  
する-  
まで」

after Vincent became captain.

The Rainbow Stone Train went under the control of the military

Then, it's somehow involved with the Rainbow Stone Train..?

....!

However  
you  
desire.

We will  
move

Now,  
how will  
you  
move?

**WE ARE  
YOUR  
SUBORDINATES.**

**GRIN**

You're wonderful,  
all of you! Parthosbury  
Land Guard!

**PEEP**

**I'M  
COUNTING  
ON YOU!!**

Oh,  
Wiseman.  
Where's  
Towy?

He fell right  
into his own  
trap, so I  
left him to  
fend for  
himself.

Why  
are you  
all the  
way up  
here?

Conductor  
Strand?

My  
...Keep up  
the good  
work.

NG

Oh  
goodness,  
isn't it  
obvious?

XXXX

GEM!

NANA-TSUM!

How can you pick up more apprentices?

You can't even train someone sufficiently.

THIS IS RAINBOW STONE WASTE, RIGHT? I WAS WONDERING WHAT HAPPENS AFTER THAT...

UM, UM, UM.

If I read, there aren't any more words?

OH REEEALLY. HOW CAN YOU SAY THAT, WHEN YOU HAVEN'T ACTED LIKE A MASTER EVEN ONCE!

IF I DIDN'T HAVE A GIRL THAT NEVER SHUT HER TRAP LIKE YOU, EVEN I COULD--!!

That's why they're researching how to use it in other ways right now.

There are left overs, of course.

So high and mighty, when you're just repeating me.

Huh? All of this?

Oh, Towry.

You really don't know anything, do you? Rainbow Stone waste is turned into power and turned back into black ink.

It's your territory inside, isn't it?

...h thought.

These are the requested records of the area defence

...

I can't imagine people from outside being able to find them

For one to escape under the very noses of the interior's defence.

In the vicinity around the Rainbow Stone research facility, the security's certainly under the control of the Second Platoon, but...

No?

You're as transparent as glass. If you've got the Fourth Platoon in your hands, you're probably doing a search by name.

...

What about her son?

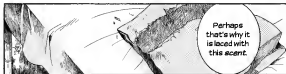

Thank you for your cooperation well then, if you don't know her whereabouts.

The sender didn't want their receipt to be you, right?

How troublesome this has become. The recipient of the package is you, and the sender was left blank.

Perhaps that's why it is laced with this scent.

the son doesn't know his mother's whereabouts either.

Putting aside what our talk of the sender for now. Judging from what's inside,

and the delivery person that was entrusted with that package.

I have an interest in what he received from his mother.

"As thanks"

On the contrary.

Then you don't have any business with the son, do you?

If he did, there's no way such a loving son would send this high class item without one sentence wishing for her safety.

AS A CODE

There  
was a  
brawl

Because of  
a man, that  
appeared to  
be a spider,  
acting  
suspiciously,  
the fifth  
Platoon  
called out  
to him.

A few  
days ago,  
nearly  
a northern  
station, an  
inexplicable  
event  
occurred

the Malaysian Palm Oil  
Governing Council has received  
an information campaign and  
has advised that medical stu-  
dents to support its case.

In a previous trial, a judge  
ruled in October 2002 that

judge also ordered the return

When he toppled  
over, he was  
leaked from one of  
his so-called  
packages onto the  
street, which was  
reported as blood  
by mistake by  
a passerby.

The man turned  
over and fainted,  
panicking, the fifth  
Pakistani called for  
reinforcements.  
During this, the man  
disappeared.

Do you  
need a copy?  
It's quite  
entertaining

Even  
now the local  
newspaper  
is handling it  
as a mystery.  
It's causing  
a huge fuss.

And then,  
without  
anyone  
knowing, the  
package  
was sent to you.

Couldn't  
it be that  
the "sender"  
also used  
that  
service?

I've heard that  
peddlers stand by  
the side of post  
offices, and take  
care of letters and  
packages that are  
going to the same  
destinations  
as themselves  
for cheap.

For a peddler  
going to the  
remote border-  
lands, he can  
also make a little  
extra money.  
It's intelligent  
that kill two  
birds with  
one stone,  
isn't it?

I'm tired of  
you being so  
indirect. What

Isn't  
that how  
it goes

when  
someone  
asks  
for some-  
thing?  
Vincent.

SHALL  
I HAVE YOU  
KISS MY

MY, THIS IS  
A SURPRISE!  
WHAT A STRICT  
YOUNG LADY!

AMANA-  
NANA!  
...HA!

He doesn't know anything

...

Fine. If you'll come at me that way, we will inquire from a different direction

clay

Unfortunately for you.

In the first place, if you lay a hand on him..

Oh my

I'm surprised she actually has feelings for once.

BILLOW

I have permission from his father

He probably  
disliked him  
even more  
than me...

I'm  
back.

Welcome  
home, Sir  
Robert.

He is in  
his room.

Father?

Welcome  
home.

Yeah.

Welcome  
home.

You  
seem  
in high  
spirits

I just  
got back,  
mother

Welcome  
back,  
Robert.

He keeps  
getting newer  
and newer,  
he's the

Miguel  
seemed to  
be doing  
well, too

ouch

Thanks as

I see.

ouch

waiting  
inside.

Come  
now.

matter

I will  
side with  
vincent.

Don't

his own

A second son

you enter the

"reputation"?

The  
"Ninth Platoon,

is making it  
possible for that  
eldest son to gain  
prestige and nobly  
rise as successor.

## *Fast young people*

AFTER BEING ASSIGNED AS AN APPRENTICE IN THE MORNING CARRIAGE, THEY CAME ACROSS EACH OTHER DURING WINTER IN THE MOUNTAIN DISTRICT WHEN SHE WENT TO DO WORK IN EVENING. THE YOUNG LADY FELL IN LOVE WITH THE PLEASANT SENIOR WORKER THAT WAS GOOD AT TAKING CARE OF PEOPLE, AND THEY COURTED FASHIONABLY. OVERCOMING OPPOSITION, THEY MARRIED. IN ACTUAL FACT, SHE JUST HAS A BABY FACE, AND THERE IS NOT MUCH OF AN AGE DIFFERENCE. HER FAMILY ALL HAVE THE SAME BABY FACE; THEY HAVE A MONSTER FAMILY IMAGE.

Yes, of

me.

she's a

Well

Come  
again?

Rather  
than what  
has happened,  
it would be more  
exact to say  
that I've come  
to investigate  
what will  
happen.

# EPISODE.09

Conductor

Oh, what's wrong?  
Your face is grim.

Don't  
"what's  
wrong"  
me

I heard  
about it.

Rainbow  
coloured  
smoke  
billows  
from the  
train as it  
speeds on,  
travelling  
straight  
through the  
center of  
the country.

TO  
"OBEY THE  
MILITARY'S  
ORDERS IF  
YOU WANT  
TO PROTECT  
IT."

Just  
what has  
she got  
herself  
into?

I wonder  
if she was  
doing more  
than just  
Rainbow  
Stone  
research...

Right now,  
she isn't  
getting in  
contact with  
us, and the  
military's  
acting like  
this...

told Towy  
In the first  
place, he never  
knew his own  
mother was  
involved with  
the military,  
not even  
now.

I  
haven't.

Even though  
he has to be  
worried, he's  
working well  
what a great  
kid.

Is the  
military also  
looking for  
Towy's  
mother...?

Fufu  
That's  
true.

He's  
not that  
weak.

Well,  
of course.  
That's how  
I trained  
him.

Or not?  
I wonder.

...So, it's

YOUR

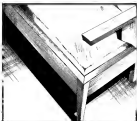

HEEY,  
ROVER?

Excuse  
me,?

Sorry, sorry. And? Something happened earlier, right?

What was it?

ROAR.

ROAR

I TOLD YOU NOT TO CALL ME THAT!

...?  
What sort of man was it?

A man I didn't know... said, "So it's you" and grabbed my arm...

Could it be...?

No, but Towy doesn't have anything to do with the military...

①

...

Ermm, he had messy greenish hair that went down to his eyes... He was young...

I missed the chance to tell you, but the lad's mother is working as a researcher in a military laboratory...

But the other day, his mother seemed to have gone missing. Do you know anything?

If you can, could you get the rural and city guards to search for...

Do you know anything about the missing lady?

Yes, I know.

AH.

AH.

AH.

!?

AAAAAAAAAH

I GET IT NOW

HEY, HEY!

What's wrong?

HEY!

SMACK

HEY?

Ah, yes, yes, I see.

What are you talking about?

HURT

AAARRGGHH

I was thinking that she was more interested in Roger than Miguel.

The reason why the man disappeared was probably because he figured it out and went to make contact.

WHY?  
IF?

Miguel, take him off duty and put him in another room, right now.

BUMP

Where do you think you're going?

I told you, the Round Duke called for you.

Vincent!

A SCARY OLD MAN IS COMING.

VINCENT?

I'll do  
well then,  
I'm on  
a hurry, so...

I'll do  
a report  
when  
I get back

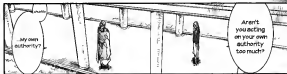

What urgent  
business?

Some  
urgent  
business  
came up

Please  
tell the  
Roundtable  
for me

...my own  
authority?

Aren't  
you acting  
on your own  
authority  
too much?

Keep up the  
good work  
with your  
baby-sit-  
duty...

Isn't it just  
that all of you,  
with your  
antique train  
of thought,  
can't keep up  
with me?

now I'm  
regret-  
ting a little  
I think.

...it's fun,  
but.

...I'm too  
far apart  
from Mum

why?

Mum's time  
and mine are  
completely  
different.

I wonder  
if the further  
you're apart,  
the further  
your hearts  
become.

I'm upset  
and working  
hard somehow  
every day.

so those  
around me  
just think  
that I'm like  
that.

Oh  
sorry,  
it's nothing.

Women, y'know!  
They believe  
that keep  
secrets!

??

Kidō.

I wonder  
where she  
went without  
telling me.

The only one  
allowed to  
expose that  
secret

is the  
man with the  
resolve to  
protect that  
secretive  
woman!

A  
woman's  
secret!

is the  
embodi-  
ment of  
deep  
love!

As a man  
that was once  
a brat being  
protected by  
his mom?

Kiddo, do  
you have  
what it  
takes?

This  
smell...

GENCH

Ye...  
Yeah

Tororo  
scent... the  
scent of  
flowers  
...?

Do you  
have the  
resolve to  
protect  
your  
mom?

It's truly wonderful.

Yes, I've looked over the reports.

The objective of this laboratory is finding valid ways to recycle Rainbow Stones.

Why did we come to be in the military's controlled study?

Then this will be farewell.

Here, we don't have any technology that could be put to use for the military.

The military is able to promise an abundance of research funds.

Now, don't be so guarded.

I'm doing it purely out of good will.

It's simple.

with that compensation?

What do you want me to do?

When the waste of a former Rainbow Stone is soaked in Light Water while the voltage is increased, unimaginable energy would be contained within, yes?

I should have discontinued this because of the lack of stability the Rainbow Stone waste carried...

?

Please continue your research focusing particularly on

your discovery of how to reuse Rainbow Stone energy.

That's correct.

However, without a container that can keep up with that huge energy... it's extremely dangerous.

Yes.  
However...

It would be a new age energy that wouldn't lose even to the likes of electricity!

What if you captured that powerful energy in a small and light stone?

But what if you could stabilize it?

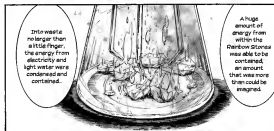

When she continued  
her research,  
just as the  
man told  
her to,

to her  
surprise,

she must  
have  
believed  
that it  
would help  
people

Deceived  
by those  
words,  
your men  
agreed

It was a  
no larger than  
a little finger,  
the energy from  
electricity and  
light water were  
condensed and  
contained.

A huge  
amount of  
energy from  
within the  
Rainbow Crystal  
was able to be  
contained,  
an amount  
that was more  
than could be  
imagined.

And from it, it was  
able to emanate  
a strong impact in  
a heartbeat.

By the  
time she  
realized,

*SHE HAD  
CREATED A  
COMPLETELY  
NEW TYPE  
OF BOMB.*

*If they  
exploded by  
being dropped  
from blimps,  
or hauled in by  
horse carriage,  
or any other  
means.*

*They  
look like  
ordinary  
stones.*

*It would be far  
and away more  
destructive  
to its  
surroundings  
than even  
gunpowder.*

*with the  
size of  
a little  
finger, one  
castle.*

*If you  
gather  
ten, one  
island.*

*Then, how  
about a  
hundred?*

How does  
he know

All of  
this...?

Your  
enemies  
come from  
the inside.  
Your  
old man  
told me.

Master  
Vice-  
Captain

Did you  
come and  
follow me?  
..I under-  
stand all  
too well

It  
was you  
after  
all..

..Hello  
It really  
was me..

Let go  
of Tawny!  
What are  
you doing,  
involving a  
civilian?!

..He's..!

TIGHTEN

Involvement

he may be  
a civilian,  
but he's  
involved

Mum  
did that  
sort of...!  
The enemy's  
orders!!

point

point

What  
the  
heck.

I had  
no idea.

Why

to me!

BOOM!

What  
there

WHERE ARE  
YOU GOING,  
IN SUCH A  
RUSH?

Steam

YOU  
ADORABLE  
CREWMAN.

So you  
go back  
out well

My apologies,  
but starting  
from now,  
I'll be prohibiting  
embarking and  
disembarking,  
with no  
exceptions.

RYA-

who got my  
mom to make  
the bomber?

NOBODY  
TO DO SO

COUNTRY  
AND THEN IT  
BOMB

I don't  
know

Are you

Did she  
ever contact  
you? With  
a letter, or  
A package?

NOBODY  
TO DO SO  
WAS  
SHE WAS  
ORDERED A  
COUNTRY  
AND THEN IT  
BOMB

I can't really  
say. That  
I got her to  
make it.

Oh my, what  
a surprise  
who did you  
hear that  
from?

Heh

The potential  
to be able to  
protect this  
country with  
strength,  
you see?

All I did was  
discover the  
potential  
of what your  
mother made

However,  
the world  
extends far  
outside of  
this piece  
of paper.

The world  
that you  
can see fits  
tightly into  
this one  
scrap of  
paper!

Huh..?  
What are  
you talking  
about..?

This country  
has had a long  
period of peace  
the last time  
we've had a war  
was... let's see,  
probably three  
hundred years  
ago.

Creating a  
new dangerous  
weapon will  
become a  
national  
defender.

How  
you get  
things  
back  
wards?

So there  
was little  
cultural  
interaction  
with foreign  
countries.

After all,  
the land is  
fertile, the  
country is  
surrounded by  
water, and  
modernization  
came late.

Aha  
hahah

Well,  
you would  
probably  
think that  
from your  
point of  
view.

aren't efficient energy sources, but it's more than enough to call to tourists.

Rainbow Stone and Light water, the natural resources unique to this country.

Rainbows gently arching across the sky, merry people.

Beautiful scenery. Plentiful land.

It's as if the country is a miniature garden.

Just how much this country is a "fortunate exception."

For you, who have been living in the country since you were born, it may be hard to understand.

I am an immigrant. I came from a country with endless conflict.

I don't really get either of them.

For the price  
of our peace, this  
country does not  
have any material  
that can rival  
the equivalents  
of foreign  
countries!

But with the contractions of modernisation, there is an influx of foreigners and with the current development of ships that act as if stormy seas are nothing.

Go in  
around  
the  
Rainbow  
Stone  
bomber

An "exception" will not always remain an "exception."

Foreigners committing crimes within the country is becoming a problem.

with the country's laws, foreigners aren't judged, so there's a lot of dissatisfaction.

It's open in the Fifth Plateau's side, isn't it.

with my one negotiation card, it could be resolved.

And like so, the allies within the military increased.

Everyone understood and agreed.

that can only be made in this country.

The strongest weapon in the world.

Is there a negotiation card better than this?

IT-

Our ability  
to deliver  
attacks, and  
our voice of  
influence!

And  
money!

How much  
profit what's in  
your stomach will  
bring about to  
the country?

Just  
You don't  
under-  
stand

THE  
FRIENDS  
THAT  
I LOVE  
SAID  
SO!!

WHAT'S  
IMPORTANT  
ARE  
PEOPLE'S  
FEELINGS,  
NOT  
MONEY!!

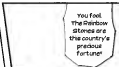

Too

YOU'RE  
WRONG!!

they exist  
to bring  
national  
power and  
wealth!

You fool.  
The Rainbow  
stones are  
the country's  
precious  
fortune!

**THEY MAKES  
RAINBOWS!!**

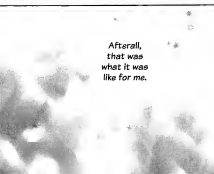

**RAINBOW  
STONES ARE-!!  
HERE TO MAKE  
BEAUTIFUL  
THINGS!! LIKE  
EVERYONE'S  
DREAMS!!**

**IT'S  
WISEMAN'S  
DREAM!!!  
DON'T  
DIRTY IT!!  
YOU DAMN  
IDIOT!!!!**

When I think of  
Rainbow Stones,

Towy

After all,  
that was  
what it was  
like for me.

I want to see a  
rainbow spreading  
across the sky

...THIS IS  
OUT OF THE  
QUESTION!!

**HOW  
ABSURD !!**

**BY A  
CHILD LIKE  
YOURSELF?!!!  
WHAT WOULD  
A PERSON  
THAT HAS  
LIVED AS AN  
ARISTOCRAT  
KNOW?!!!**

CONTROL  
OF THE  
RESEARCH  
LABORER-  
FORCES...**

**I PETITION  
FOR YOUR  
DEMOTION AND  
PUNISHMENT  
TO THE  
PARLIAMENT!!**

wouldn't  
it have  
been better  
to bring  
forth your  
opinion in  
Parliament  
??

..if you truly  
think that there  
is an absolute  
justice, why did  
you move of  
your own  
judgement?

Vincent.

You insist  
that your  
opinion is the  
correct one  
like that,  
but..

Beginning with you, do you think those stubborn Parliament members have the power to look at what's before us?

There's no way it would pass through Parliament, would it?

None of you realize that you are all fools living in peace.

They are truly foolish.

Without discussion or listening, they will repeat, demand, and speak ill of it.

**YOU MUST BE A FOOL LIVING IN WAR.**

**...IF YOU SAY WE'RE FOOLS LIVING IN PEACE.**

Haven't you realized that everything you say just comes right back to you?

WHA-?

YOU'RE  
REJECTING,  
DENYING AND  
SPREADING  
BADLY OF  
WHAT WE'RE  
SAYING!

WHO  
IS THE  
FOOL  
HERE  
?!

SHUT  
UP!!

But...

You're  
kind...  
Sowry.

DON'T  
SNEAK  
AROUND OUT  
OF SIGHT,  
AND FACE  
US HEAD  
ON!

EVEN YOU:  
IF YOU  
HAVE PRIDE  
IN YOUR  
JUSTICE  
AND IDEAS!

...!!

Please  
don't choose  
a path that  
others  
follow with  
power.

Please, if  
you love this  
militaria  
garden, find  
a path that  
doesn't mean  
raising your  
fists.

Raised  
fists will  
definitely  
create  
enemies.

Your scientific  
findings or foreign  
policies are worth  
consideration.

You are  
probably  
aware of world  
affairs that  
we do not  
understand.

However,  
Vincent.

"If you could protect a country with merely idealistic thoughts, immigrants wouldn't exist."

Saying those words with slightly red eyes, he alighted from the train with the Round Duke.

A MINIATURE GARDEN MAY BE A MINIATURE GARDEN, BUT ISN'T IT OUR JOB TO HAVE A RAINBOW SPANNING ITS SKY?

A subordinate from the Second Plateau, for borderland defense?

I'm glad we made it in time. I was delayed responding to my subordinate's message.

Her?

Yeah. He safeguarded and brought her here.

Yeah.

He made a lot of movements in my stead in order to get her away from Vincent.

I see—  
so you figured  
out everything  
all on your own.

but  
we got  
in earlier  
and had  
everyone  
deployed  
at every  
station.

The third  
Platoon  
was  
dinnering  
so there  
was some  
trouble.

what, as  
the safer-  
guarding  
was taken  
care of?

I didn't  
want to  
get you  
involved.

If you told me,  
I could have  
assisted you...  
although I say  
that, I'm not  
much of an  
actor.

WITHOUT  
YOU BEING  
SWUNG ABOUT  
BY ALL THIS  
TROUBLE.

I WANTED  
YOU TO BE  
SMILING, LIKE  
A BLOSSOM.

I ASK  
OF YOU NOT  
TO LOOK AT  
ME LIKE  
THAT

I DON'T  
THINK YOUR  
LIFE WILL BE  
IN DANGER IF  
YOU OPPOSE  
FATHER  
INSTEAD

I WONDER  
IF I'LL BE  
KILLED IF  
I SHOW HER  
THE LETTER  
SPEAKING  
OF THE  
ENGAGE-  
MENT...

Are you  
done?

...IT'S  
GOOD TO  
SEE THAT  
THERE'S  
LOVE.

I think the  
reason he  
wielded with  
vincent  
was  
probably  
because  
of you

HUH?

Father?

I  
DIDN'T  
FIND  
OUT  
THAT...

FATHER'S  
PROBABLY  
GONE  
A BIT  
FROM THIS.

You met  
him?

And like  
that, this  
story came  
to a close  
here, at  
least for  
now.

Mum  
and Dad,  
Jeanne and  
Robert, this  
country's  
politics;

"That's  
a whole  
other  
story."  
...Or so  
they say.

Oh said,  
"What you  
grow up and  
find a girl you  
love, you'll  
understand,"  
smiling.

All that  
stuff was  
still too  
hard to  
understand  
for me.

Remember  
both  
William  
and I.

And so  
many other  
people, love  
this train.

It seems that  
the Rainbow  
Stone train's  
numbers are  
decreasing, but  
it appears to  
be inevitable.

But even just  
one Rainbow  
Stone train  
should always  
be running and  
continuing to  
span the sky  
with rainbow  
bridges.

MM...

everywhere  
and forever,  
beneath a  
rainbow.

The railway  
tracks will  
keep going

...

I feel  
top

we've  
forgotten  
some-  
thing

That  
should  
do...

Well then, we will  
be anticipating  
the next time  
everyone takes  
the train...  
Thank you for  
riding with us!

*That should  
do...*

What?

Both of their

That's right.

CELEBRATING AROUND

DUE TO ISSUES RELATED TO CHANGES TO THE MAGAZINE'S PUBLICATION AND SUCH, I WAS SOMEWHAT UNSETTLED, BUT FUNDAMENTALLY I WAS ABLE TO MAKE THE STORY AND THE COMPILED VOLUME HOW I LIKED IT.

IT BECAME A VERY PROFOUNDLY MEMORABLE WORK.

TO EVERYONE WHO LOVED THE RAINBOW STONE TRAIN AND ITS CREW MEMBERS, THE STAFF AND OTHER OFFICIALS THAT I MADE GO THROUGH SO MUCH TROUBLE, AND TO EVERYONE THAT HELPED ME, I SEND ALL OF MY THANKS AND GRATITUDE.
